Presidents QSO - By Mark K1RX

Thought I would be reporting about the great 10 M propagation but this past month only saw a few welcome days of nice DX coming through after such a VERY long time. And as I write this QSO to the club, I am tuning the 10 M band, looking for any signal - very quiet (darn!).

I hope you all were able to get some of those fall antenna projects completed so you can have some fun this winter.

Have you been the club house lately, what a nice job both clubs have done to clean up the joint and put a very distinctive color combination on the exterior of the building. Amazing what can happen when motivated by outside forces! Thanks to all that helped this past year with clean up, work inside and downstairs.

The November meeting will feature a number of good technical topics as well as the usual good social time following the meal. It is too early to report the details at this time but we do plan a presentation on LOTW by Dick, W1MSN (our resident expert on logging software!) I am anxious to learn how it can be setup because I see this program as my way out of a lot of QSLing! At some point I plan to load all the past contest logs I have collected over the years and get into LOTW - imagine a tidal wave, then multiply for 5!! I may just overload the internet when this occurs!

See you all on Wednesday night, Nov. 3 starting at 6 PM (meal) and 7 PM for the meeting. It is going to be a turkey dinner with all the fixings! Come hungry and bring your dinner donation.

73,

Mark, K1RX

Treasurers Report - By Dick W1MSN

September 1 through October 22, 2010

Balance Sheet

As of October 22, 2010

November Meal - By Dick Cooper W1MSN

Carol Berg will be providing the meal with help from Jeri. Have decided it will be easier for me to just roast a large turkey, rather than use the chicken pieces in the freezer, and we'll carve it just before eating. Any type of desert would be much appreciated by the membership I'm sure. Won't have time to do dinner and make sweets as my weekends are now "otherwise involved".
